

## ACADEMIC REFERENCE

**To whom it may concern**

As Principal Lecturer of Telecommunications I hereby give the following statement concerning my student Mr **Tomas Sanchez Lopez**:

I have noticed that Mr Sanchez Lopez is a decisive and highly motivated person who is capable of successful studies in the field of Informalton Technology. He can be recommended to any Master's programme in the field.

I would like to highlight that the language of instruction in the Computer Engineering programme in EVTEK is English.

I believe, and according to my best knowledge, Mr Sanchez Lopez is well suited for studying in any environment as far as it concerns health, socialising with fellow students and other people and getting along with circumstances of any kind.

Espoo, 2 September 2003
